COMPANY PROFILE

公司介绍 COMPANY PROFILE

柯诚输送深耕输送行业十余载，凭借持之以恒的技术研发与不懈创新，荣膺国家高新技术企业，同时顺利通过 ISO9001 质量管理体系认证。

柯诚作为全球领先的输送类产品提供商，我们致力于为客户提供优质的输送产品和服务，让输送更简单。

其产品广泛覆食品、饮料、包装、新能源、仓储物流、3C电子、医疗、汽车制造等多个领域。凭借卓越的产品性能以、高性价比和优质的客户服务在业内受到客户的一致好评，经过多年的制造生产实践，柯诚在自动化输送领域积累了深厚的技术储备与行业经验，并且先后成功推出《输送配件/链板和网带》、《柔性链输送系统》、《工件托盘输送系统》、《运输托盘输送系统》、《型材技术》 等一系列具有创新性的产品，成为引领行业发展的先锋力量。

柯诚秉持 “柯求品质，诚以待人” 的核心理念，始终将客户至上奉为圭臬，对产品质量进行严格管控，同时积极投身于产品设计创新，不断提升产品性能与品质，致力于为客户提供更为优质的产品与服务。

Kecheng transportation has been deeply engaged in the transportation industry for more than ten years, and with persistent technology research and development and unremitting innovation, it has been awarded the national high-tech enterprise, and successfully passed the ISO9001 quality management system certification.

As the world's leading transportation products provider, we are committed to providing customers with high-quality transportation products and services to make transportation easier.

Its products are widely covered in food, beverage, packaging, new energy, warehousing and logistics, 3C electronics, medical, automobile manufacturing and other fields. With excellent product performance, cost-effective and high-quality customer service in the industry by the customer praise, after years of manufacturing practice, Ke Cheng in the field of automated transportation has accumulated deep technical reserves and industry experience, And has successfully launched a series of innovative products such as "Conveyor Components, Chains and Belts Catalog", "Flexible Chain Conveyor System", "Workpiece Pallet Conveyor System", "Transport Pallet Conveyor System", "Profile Technology", and become the vanguard force leading the development of the industry.

Kecheng adheres to the core concept of "Keqiu quality, sincere to others", always regards customer first as the principle, strictly controls product quality, and actively participates in product design innovation, constantly improves product performance and quality, and is committed to providing customers with better products and services.

企业文化 Corporate culture

企业使命
CORPORATE MISSION

我们致力于为客户提供优质的输送产品和服务，让输送更简单。
We are committed to providing customers with quality transportation products and services, so that transportation more simple.

务实合作
PRAGMATIC COOPERATION

我们坚持务实的工作风格，推崇合作精神，相信通过团结协作可以取得更大的成就。
We adhere to a pragmatic working style, respect the spirit of cooperation, and believe that through unity and cooperation can achieve greater achievements.

积极主动
PROACTIVE

我们勇于迎接挑战，主动寻求机遇，不畏困难，持续进取。
We have the courage to meet challenges, take the initiative to seek opportunities, not afraid of difficulties, and continue to forge ahead.

专业责任
PROFESSIONAL RESPONSIBILITY

我们对工作充满责任心，以专业的态度对待每一个项目和每位客户。
We are responsible for our work and treat every project and every customer with a professional attitude.

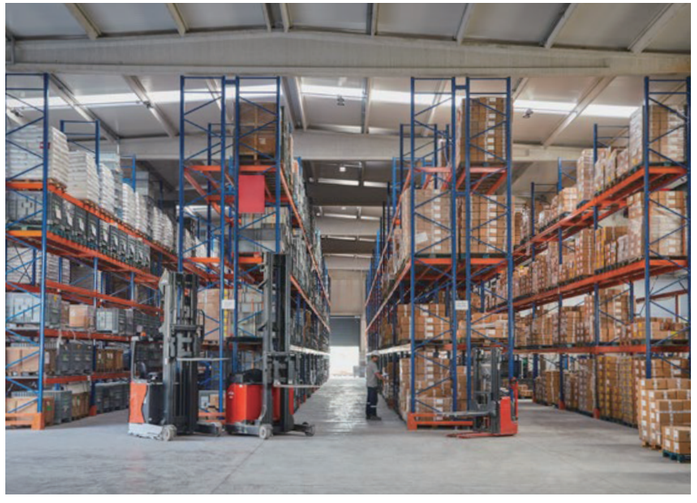

企业愿景
ENTERPRISE VISION

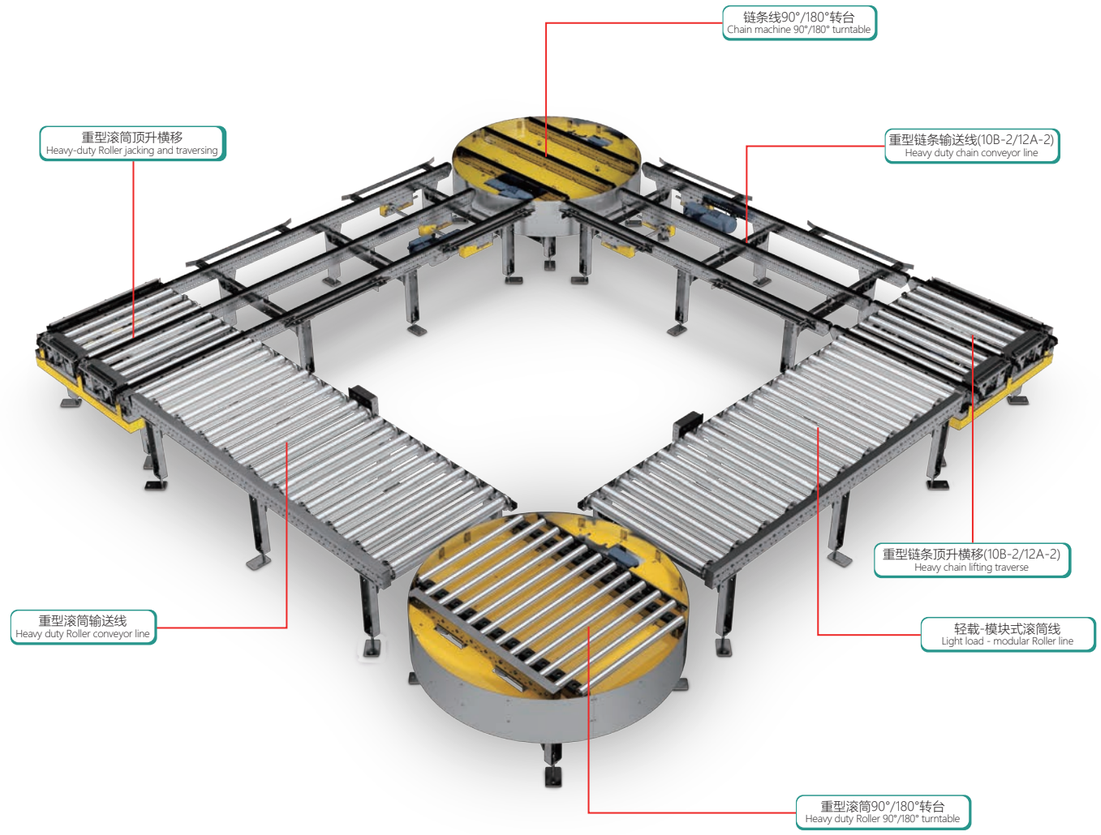

成为输送行业的领先企业，为客户提供品类全、发货快、质量优的输送相关产品，为员工提供广阔成长平台。
To become a leading enterprise in the transportation industry, to provide customers with all categories, fast delivery, high-quality transportation related products, to provide employees with a broad growth platform.

企业理念
ENTERPRISE PHILOSOPHY

柯求品质，诚以待人
Seeking quality, treating people sincerely

柯求品质　诚以待人
Seeking quality, treating people sincerely

来自中国的输送机技术
柯诚 (KECE) 作为具有经验和接近客户的创新解决方案思想者
开发和制造从单个输送机组件到交钥匙输送机解决方案的输送机系统。
我们为输送机技术领域的所有需求提供专业知识，高产品质量和极具性价比的产品解决方案。

Conveyor technology from China
KECE is an innovative solutions thinker with experience and proximity to customers
Develops and manufactures conveyor systems ranging from individual conveyor assemblies to turnkey conveyor solutions.
We provide expertise, high quality and cost-effective solutions for all the needs of conveyor technology.

01 链条输送机 Chain System

10B链条输送机配件 10B Chain conveyor accessories 05
12A链条输送机配件 12A Chain conveyor accessories 21

02 滚筒输送系统 Roller Conveyor System

滚筒及配件 Rolls and accessories 25
框架结构和支撑配件 Frame structure and support fittings 27
滚筒线驱动单元 Roller drive unit 33
护栏支撑和配件 Guardrail support and accessories 42
支撑脚 Supporting leg 52
其他配件 Other accessories 55

动力和精度是仓库系统的完美结合
POWER AND PRECISION THE PERFECTLINK TO WAREHOUSE SYSTEMS

KECE托盘输送系统在高效仓储方面设定了标准，通过将月台与高架仓库本身更紧密地连接，它们形成了一个功能单元。作为仓储系统制造商，我们能够简化存储和检索机器与物料搬运技术之间的接口。

The KECE pallet conveyor system sets the standard for efficient warehousing. A closer link between the apron and the high bay warehouse itself turns them into one functional unit. As a manufacturer of warehouse systems, we are able to simplify the interface between storage and retrieval machinery and material handling technologies.

这种整合不仅提高了仓储作业的效率，还优化了仓库的整体布局和物流流程。通过精心设计的托盘处理系统，KECE的产品能够确保货物在仓库内的快速、准确移动，从而减少了等待时间和错误率。

This integration not only enhances the efficiency of warehousing operations but also optimizes the overall layout of the warehouse and the logistics process. With a carefully designed pallet handling system, KECE's products ensure rapid and accurate movement of goods within the warehouse, thereby reducing waiting time and error rates.

此外，KECE还注重产品的创新和可定制性，以满足不同客户和行业的需求。无论是自动化仓储系统还是半自动化解决方案，KECE都能提供量身定制的产品，帮助客户实现仓储流程的自动化和智能化。

This integration not only enhances the efficiency of warehousing operations but also optimizes the overall layout of the warehouse and the logistics process. With a carefully designed pallet handling system, KECE's products ensure rapid and accurate movement of goods within the warehouse, thereby reducing waiting time and error
